

A Platform for Change Agents European Economic Summit Young Professionals

*Fri. 9 June - Sat. 10 June 2017
Hamburg, Germany*

The European Economic Summit is catalytic and it's quickly becoming known as a platform where change agents in business, civil society, church, and those who advise them, come together to meet and exchange ideas.

The EES 2017 Young Professionals meeting will build on the strength and momentum of previous EES meetings. We will gather to learn about value-based business, finance and economics from experienced practitioners.

We'll also learn about how they walk out their faith in the challenging environments in which they function. We're convinced that these new methods and models will only flourish if the next generation has a role in developing them. We therefore invite you to come, connect and co-create with us!
